To whom it may concern,

The motorcross display duo "Cunning stunts" performed at our annual Billycart Derby in May this year. Although I had some reservations about the safety of stunt riders, it soon became clear that their performance centred on the focus, control and precision of the riders and their mastery of the bikes, rather than on any reckless or dangerous stunts. At no time did they behave irresponsibly or execute moves that threatened the safety of the onlookers. Furthermore, they impressed with their commitment and professionalism.

Their act was also a delight to watch, and kept the large crowd transfixed throughout the performance. I was happy to be promoting an activity that was both thrilling to observe and highly-accomplished, and I hope that the message the children observing it received was about striving to obtain technical excellence rather than indulging in thoughtlessly risky behaviour. We will certainly be inviting them back next year, and have no hesitation in recommending them as first-class entertainment.

Yours Faithfully,

Nicola Stachurski
